Product Crystal Fragrance Diffuser
Article CR900
Material Hand-blown crystal and solid brass

Dimensions
Body diameter 64 mm
Overall height 145 mm, excluding reeds
Neck outside diameter 30 mm
Opening diameter 20 mm

Care and Maintenance

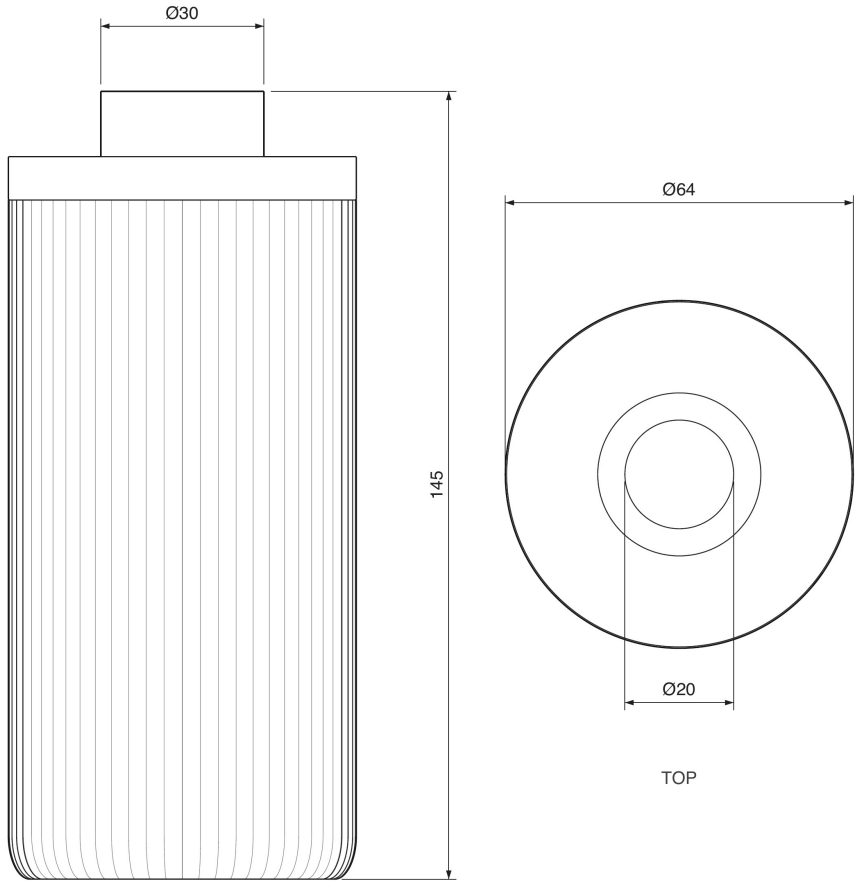

Cleaning
Clean the crystal and metal surfaces with a soft cloth and lukewarm water. Use a mild, neutral soap when necessary, then dry with a soft cloth. Avoid acidic, alkaline or abrasive cleaners.

Living Brass Finishes
Brass naturally develops a patina over time. Polished Brass may be maintained with a suitable brass polish. Do not polish Aged Brass, Cold Aged Brass, Burnished Brass or plated finishes.

Plated Finishes
Clean gently using the method above to preserve the finish and its lustre.
